

# RICOH Creative Collaboration Software

MAKING MEETINGS EASIER

# C ONCEPT

## Now more than ever, teamwork and collaboration are critical to success, especially remote collaboration.

Companies are embracing collaborative solutions featuring Ricoh Interactive Flat Panel Displays (IFPD) to link team members, partners, and customers wherever business takes place. Powerful document sharing and annotation capabilities coupled with real-time, high resolution video conferencing speed decision making and ensure everyone is on the same page.

But it's not always as easy as it should be. Valuable time is wasted on meeting setup, getting everyone connected, finding the apps and files to launch and share, changing presenters; the list goes on.

**RICOH Creative Collaboration software** brings users, applications, files, and IFPD hardware together for a seamless meeting experience. This intelligent collaboration app is the only solution that manages every aspect of a meeting from start to finish with the touch of a finger.

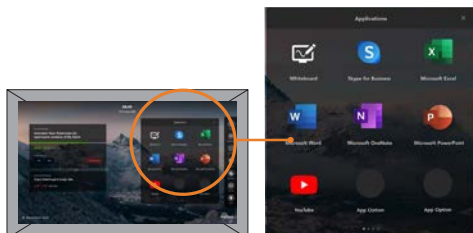

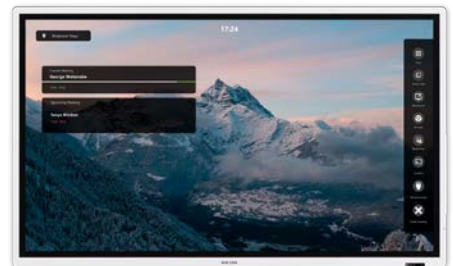

**RICOH Creative Collaboration for IWB** is the version installed in the Ricoh IFPD. Linked to MS Exchange or Office365 for calendar integration, RICOH Creative Collaboration for IWB launches any Windows 10 application and enables easy content and screen sharing from any device. Advanced document mark-up tools capture ideas and revisions on the digital canvas, while high quality video conferencing connects meeting participants with just one tap across all popular platforms. Not in the office? Install **RICOH Creative Collaboration for Personal Meeting** on a Windows PC to allow remote users to easily join meetings through the cloud with access to all the same screen sharing and document annotation tools.

Maximize your investment in technology that enables remote workforces to easily collaborate at any time with **RICOH Creative Collaboration**. Increased meeting productivity is just a tap away.

# D ISPLAY

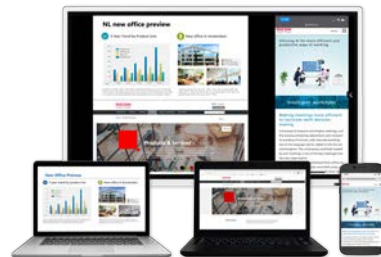

## Easy Content Sharing

Easily share large, high-resolution images, documents, and applications from laptops and smart devices with in-person and remote meeting attendees on your Ricoh IFPD. Connect via cable or wirelessly, and then simply select desired apps and files to share from the intuitive Launcher user interface screen. Take control of your source device with the tap of a finger through the Touchback function and present directly from the IFPD.

## Run Any Windows10 Application

Customize your IFPD by installing any Microsoft Windows 10 app. All applications are stored in the Applications folder for fast, simple, and safe activation.

## Split Screen

Display content from multiple devices and users at the same time for more productive and inclusive collaborative discussions.

# DRAW

## Powerful Brainstorming Canvas

Collaboration on your Ricoh IFPD has never been so simple. Any type of digital content is instantly displayed on a single virtual canvas. Versatile drawing tools allow for advanced document mark-up. Share the canvas with other meeting attendees and allow them to interact with the screen in real time. Object and handwriting recognition technology transforms freehand pen strokes into shapes and typed text, while a recap and clean up function saves screen pages and wipes the IFPD clean for the next meeting.

## Insert Various File Types

Launch an app or display virtually any type of file—presentations, spreadsheets, videos, still images, PDFs, web pages—on a high resolution digital canvas. Once the file is open, powerful annotation features are available for users to freely draw on the screen.

## Remote Whiteboarding Sessions

Connect to networked laptops, mobile devices, and other interactive whiteboards from anywhere in the world. Multiple users can interact with the canvas from remote locations simultaneously for clear communication among team members to maximize collaboration.

# V VIDEO CONFERENCING

## Easily Join Remote Meetings

Ricoh IFPDs support the most popular video conferencing systems on the market. Joining a virtual meeting is as easy as tapping a finger. When a meeting initiation is received, the IFPD will automatically launch the proper video conferencing platform for a simple meeting experience.

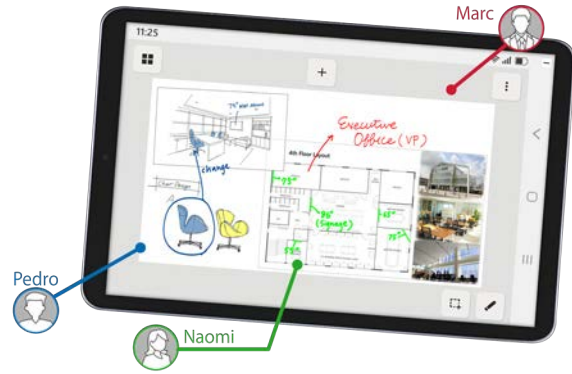

## Participate Remotely

RICOH Creative Collaboration for Personal Meeting allows remote team members to join virtual meetings from anywhere and collaborate in real-time using any device.

## Connect Anywhere

Simply install the "RICOH Board Connect" app on any Windows 10, Android, or iOS smart device to join remote meetings through the cloud. All participants can access the same functions, share files and annotate documents as if they were standing at the IFPD.

## Using Any Device

RICOH Creative Collaboration for Personal Meeting boosts team collaborative efforts and creativity by enabling the simple exchange of ideas on a single virtual canvas. Now everyone can freely contribute from wherever business happens, in the office, from home, or anywhere on the road.

## Capture & Record

Need to document meetings, decisions, and outcomes for future reference? Easily capture scenes from videos, record live audio, or grab images off a web site and share it on the IFPD. RICOH Creative Collaboration for Personal Meeting can even record entire meetings to keep track of progress and action items, and then easily share meeting content with all stakeholders.
