Multifunctional Products and Printers for Healthcare

Convenience and control customized for Healthcare

Transform your healthcare workflows

As healthcare professionals become more accountable, you have never been more pressured to boost productivity and streamline your HIPAA compliance processes. SAVIN® introduces its next generation of healthcare printing devices that offer security firmware for a built-in paper tray that locks or a combination built-in paper tray that locks and is also Teflon-enhanced for wristband and label media applications. Learn how our printing devices and healthcare business services can help you optimize workflow efficiency in healthcare environments ranging from acute care to admissions, pharmacies and nursing stations with limited space.

Key Benefits

- Avoid workflow interruptions by printing on regulated media (e.g., prescription forms) and non-regulated media with the same printing device

- Maximize productivity with unique multifunction printers that can safeguard regulated media across print, copy and fax modes

- Help to ensure reliable feeding of recommended wristband and adhesive-backed label media with a built-in, Teflon-enhanced Locking Paper Tray on select models

- Install almost anywhere thanks to small footprints and low profiles allowing the devices to fit below a shelf and into other tight spaces

- Add optional paper feed units (locking, Teflon-enhanced or non-locking) to increase total paper capacity up to 2,600 sheets

Unlock your true productivity

FIND THE RIGHT HEALTHCARE BUSINESS PARTNER

As the provider of your locking-tray hardware and locking-tray security firmware, Savin uniquely tailors healthcare printing devices to help you optimize your HIPAA compliance workflows—today and in the future as you face changing regulations and new potential threats. Additionally, Savin can help you reach your goals faster so you can spend more time caring for your patients, less time managing your printing workflows.

GAIN FREEDOM OF DEPLOYMENT

You may find it difficult or impossible to designate unique secure locations to process regulated media, particularly, pre-printed prescription forms. With a built-in locking tray, you can deploy Savin's healthcare printing devices where it makes the most sense to streamline your workflow. Process jobs with both regulated media and non-regulated media on a single device instead of limiting print jobs with regulated media to designated devices tucked away behind locked doors.

EXPANDED MEDIA CAPABILITY

Further boost productivity and reduce your office equipment costs by using fewer healthcare printing devices to complete jobs across a wide variety of media. With a Savin healthcare device that has a Teflon enhanced paper tray or optional paper feed unit, you can print on wristband media as narrow as 4.25".

TAKE ON INCREASED WORKLOADS

Spikes in patient flow do not have to disrupt your workflows. Or perhaps you need to increase the workload for a particular print device. With Savin, convert your print station into a dynamic hub of productivity. Configure Savin healthcare printing devices to handle large workloads with optional paper feed units that can increase total paper capacity up to 2,600 sheets. Added paper trays can be locking, non-locking, or Teflon enhanced—depending on what makes the most sense for your workflows.

LOCKING AND TEFLON-ENHANCED TRAY HARDWARE:

A standard built-in locking tray and optional additional locking trays help to secure regulated stock, such as pre-printed prescription forms. Select models also offer a built-in locking tray with Teflon paper guides to help ensure reliable media feeding when you print on wristbands and adhesive-backed labels. Optional, standard, locking, or Teflon enhanced paper feed units are also available to increase media paper capacity up to 2600 sheets.

LOCKING TRAY SECURITY FIRMWARE:

Advanced security firmware helps to safeguard regulated media from theft and unauthorized viewing when:

- In copy mode: Prevents the ability to see and select the secure locking tray from the Operation Panel and Web Image Monitor (remote management tool).

- Print, copy and fax modes (on Savin healthcare multifunction printers): Disables access to the secure locking tray for the Auto Tray Switching function, which might otherwise take paper from the secure locking tray if a non-locking tray were to become empty during a job.

- All modes: Disables access to the secure locking tray by the local hard drive.

- All modes: When printing from a mobile device or storage device such as a USB drive, access to the locking tray is disabled.

- All modes: With an optional or standard HDD installed, automatically overwrites latent images on the hard drive via DataOverwriteSecurity System (DOSS).

PORTABLE PRINT CONFIGURATIONS:

Store and export your device settings to an SD card so you can configure a different device quickly and easily.

Empower your modern workstyle

COST-EFFECTIVE OWNERSHIP, SIMPLE MAINTENANCE

When you print jobs with regulated, non-regulated or special media on a single printer or MFP, you can gain significant cost savings in many areas. Via simple print management tools, limit your healthcare personnel to print only what they need when they need it. Also, set limits for total print volumes per user, workgroup or department. Save time and costs with maintenance that is so easy, no training is required for normal tasks such as replacing toner or other consumables.
CONSERVE RESOURCES, PROTECT YOUR BUDGET

Complete your document jobs without compromising your commitment to environmental sustainability. Save paper with automatic, double-sided printing and eliminate blank pages. Conserve energy with Sleep mode and the ECO Night Sensor (on printers only). Savin healthcare printing devices meet EPEAT* criteria and are certified with the latest ENERGY STAR®* specifications. Plus, the Savin Cartridge Return Program makes it easy to recycle your used consumables.

COLLABORATE AND SHARE INFORMATION EASILY

Connect to and work in the cloud and take your information with you. On Savin Healthcare MFPs, use the optional Integrated Cloud Environment (ICE) service to print from, or scan to, apps like DocumentMall™, Evernote™, Dropbox™ or Google Drive™, all without using expensive on-site servers, system integration or software updates. Also store and access your documents in the places you prefer for convenient anytime sharing.

MONITOR YOUR PERFORMANCE

It's easy to say you're saving money and increasing efficiency. It's another thing to prove it. Use Web Image Monitor to check system status, change settings, manage job queues and expedite maintenance right from the desktop. You can even assign up to 1,000 user codes to track volumes and trends by individual users, and leverage the information to improve print behavior. Need to manage multiple devices? Then install our free management utility Device Manager NX Lite to manage up to 250 devices. Simplify installation, configuration and monitoring of multiple networked devices.

*ENERGY STAR certification and EPEAT registration are pending for the SP 5300DNTL and MP 501SPFTL models. EPEAT Silver rating is applicable only in the USA.

Facsimile Specifications

Circuit	PSTN, PBX
Compatibility	ITU-T (CCITT) G3
Resolution	200 x 200/100 dpi
Compression Method	MH, MR, MMR, JBIG
Scanning Speed (SEF)	B&W: 62 ipm Simplex/27 ipm Duplex (Letter) @ 300 dpi
Modem Speed	33.6 Kbps with auto fallback
Transmission Speed	G3: 3 seconds per page (MMR Compression) G3: 2 seconds per page (JBIG Compression)
SAF Memory	4 MB (Approx. 320 pages)
Max Auto Dials	2,000
Group Dials	100 (max. 500 numbers per group)
Standard Features	One Hour Backup, Detection of Misplaced Document, Double-Check Destination Address, IP Fax (T.38), Internet Fax (T.37), Forward to Email/Folder, Paperless Fax, LAN Fax, LDAP Support, Universal Send (Simultaneous Fax and Scan), Remote Fax, Fax Output Timer

Document Server (Standard)

Maximum Stored Documents	3,000 documents
Maximum Pages per Document	1,000 pages
Password-Protected Folder Management	Up to 200 folders

Security Features

Address Book Encryption, Authentication, Password Encryption, HDD Data Encryption & Overwrite, IP Address Filtering, IP Sec Communications, Kerberos Support, Locked Print, Network Protocol ON/OFF, Quota Setting/Account Limit, Scan-to-Web Mail (SMTP over SSL), Secure Socket Layer (SSL), Secure Shell Encryption (SSH), S/MIME, Transport Layer Security (TSL), User Authentication (Windows, LDAP, Basic, User Code, 802.1x Wired), Unauthorized Copy Prevention (Print), Wireless LAN WEP/WPA

Controller Options

Extended USB Board Type M19
IEEE 1284 Interface Board Type M19
Wireless LAN Card Type M24 (IEEE802.11a/b/g/n)
XPS Direct Print Option Type M24
DataOverwriteSecurity Unit Type M19
File Format Converter Type M19
NFC Card Reader Type Type M24
OCR Unit Type M13
Optional Counter Interface Unit Type M12
Fax Connection Unit Type M24

Hardware Options

Paper Feed Unit PB1100
Paper Capacity	500 sheets
Supported Paper Sizes	3.62" x 6.38" – 8.5" x 14"
Supported Paper Weight	17 – 32 lb. Bond/66 lb. Index (64-120 g/m2)
Dimensions (WxDxH)	15" x 16.1" x 4.8" (380 x 410 x 121 mm)
Weight	8.8 lbs. (4 kg)

Paper Feed Unit PB1100TE (Locking)
Paper Capacity	500 sheets
Supported Paper Sizes	3.62" x 6.38" – 8.5" x 11"
Supported Paper Weight	17 – 32 lb. Bond/66 lb. Index (64-120 g/m2)
Dimensions (WxDxH)	15" x 16.1" x 4.8" (380 x 410 x 121 mm)
Weight	8.8 lbs. (4 kg)

Paper Feed Unit PB1100LE (Teflon)
Paper Capacity	500 sheets
Supported Paper Sizes	3.62" x 6.38" – 8.5" x 14"
Supported Paper Weight	17 – 32 lb. Bond/66 lb. Index (64-120 g/m2)
Dimensions (WxDxH)	15" x 16.1" x 4.8" (380 x 410 x 121 mm)
Weight	8.8 lbs. (4 kg)

Caster Table Type M24
Required when three (3) or four (4) optional Paper Feed Units are installed.
Dimensions (WxDxH)	With Stabilizers: 30.6" x 31.8" x 2.5" (778 x 808 x 64 mm) Without Stabilizers: 15" x 16.1" x 2.5" (380 x 410 x 64 mm)
Weight	24.2 lbs. (11 kg)

Tall Cabinet Type 1
Recommended for the base unit for a floor-standing configuration.
Dimensions (WxDxH)	15" x 16.2" x 20" (381 x 412 x 508 mm)
Weight	22.5 lbs. (10.2 kg)

Medium Cabinet Type J
Recommended when one (1) or two (2) additional Paper Feed Units are added for a floor-standing configuration.
Dimensions (WxDxH)	15" x 16.2" x 10" (381 x 412 x 254 mm)
Weight	13.7 lbs. (6.2 kg)

Consumables & Yields

Black Print Cartridge MP 601 (includes Waste Toner Bottle)	25,000 pages*
Feed Roller MP 601 (for mainframe)	500,000 pages
Feed Roller MP 601PB (for PFU)	500,000 pages

*Declared yield values in accordance with ISO/IEC 19752. Actual yields may vary based on images printed and other factors.

The Savin MP 501SPFTL ships with a starter Print Cartridge that yields 10,000 pages.

For maximum performance and yield we recommend using genuine Savin parts and supplies.
